

Serving Suggestions Our products aren't just for toast! Try some of these yummy ideas from our test kitchen and from our customers:

Sunshine Marmalade: On top a bagel and cream cheese, with oatmeal, or heated and served with chicken or pork

Berry Jams: Fabulous fillings for thumbprint and sandwich cookies. Use alone or fold into whipped cream for an easy cake filling/topping. Stir into plain yogurt to create your own fruit yogurt.

Blackberry Chipotle Jam/Tequila Pepper Jelly: Great with cream cheese/goat cheese and crackers. Add a zesty flavor to your sandwich (I love it on toasted cheese!). Use as a glaze for chicken, ham, pork chops or salmon.

Tipsy Jams: Yummy over ice cream or as a topping for angel food cake or cheesecake. Try Cherry Amaretto Jam with brownies. Savory ideas include Apple Bourbon Jam and Blueberry Gin Jam paired with pork roast or Nectarines with Grand Marnier with chicken. Blackberry Brandy Sauce makes a delicious and easy appetizer poured over a round of Brie cheese and served with crackers or a sliced baguette. This sauce is also excellent served with pork chops or salmon.
